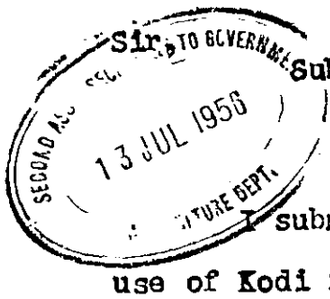
No. 19370/W1/56 dated 7--7--1956 58491



Sir,

Sub: FISHERIES - Stores - Supply of cycle for marketing Kodi fish farm - South Kanara District - Sanction Request of.

I submit below proposals for the purchase of a new cycle for use of Kodi fish farm, Coondapoor taluk, South Kanara District.

2 The activities of the Kodi fish farm have developed considerably since 1951. All possible efforts are being made to catch maxium quantity of fish from the farm to meet local demands and thereby achieving the target fixed to this unit.

3 A road has been constructed from Coondapoor, Koteshwar main road connecting Kodi, under the Local Development Scheme in the year 1954-55. The farm is situated about 3 miles away from the nearest town of Coondapoor where fish has to be sold in fresh condition. Therefore the sale is limited due to the long transport of fish by head load resulting in delay to reach market and spoilage. It is expected that the sales of fish to the other neighbouring villages can be extended and improved satisfactorily if a bicycle is supplied to Kodi fish farm. The better exploitation of the remaining departmental tanks of neighbouring villages may also be expected by facilitating quick transport of fishing nets and quicker sale of catches. Besides this, distribution of seeds stocking of Departmental waters and supply of fish to private parties can easily be made if a bicycle is provided to the farm.

4 The Kodi farm is an important source of supply of fish to the public. After meeting the demand of the locality it is necessary to send the fish for disposal to the neighbouring villages too. As fish is a commodity that gets decompossed quickly, it is necessary to send it out by the quickest transport, which in this village can only be a by cycle.

p.t.o.

3

The particulars given below regarding fish sold and sale proceeds realesed in Kodi fish farm during the last 5 years will justify the necessity of a cycle to the farm.

YEAR	QUANTITY OF FISH SOLD	AMOUNT RELEASED.
1951--52	423 lbs.	Rs 174--5--0
1952--53	438 "	Rs 177--0--0
1953--54	739½ "	Rs 363-10--0
1954--55	2000½ "	Rs 931--7--0
1955--56	1855 "	Rs 899-12--0

Hence a cycle is quite necessary for Kodi fish farm, I therefore request that Goverment may be pleased to accord sanction for the purchase of an Indian Hercules cycle of 24" at a cost of Rs 189/8 as detailed below:

Cost of one Hercules cycle	--	144--8--0
Cost of accessries like saddle bell, stand, carrier etc.	--	40--0--0
Charges for Grating and freight	--	5--0--0
		189--8--0

Necessary funds are available to meet the proposed expenditure in the current year budget. I request for early orders in the matter.

P. D. Chacko
